12:00 P.M.	Closing Remarks / Adjourn

*All sessions will be livestreamed.

Learning objectives

To foster recommitment to progress in antimicrobial stewardship across the health care continuum in Minnesota, we will:

- Recognize how the COVID-19 pandemic has negatively impacted progress in antimicrobial stewardship, and antimicrobial use.
- Describe strategies for engaging interdisciplinary staff across the continuum of care in antibiotic stewardship initiatives.
- Identify health equity considerations in antibiotic prescribing and approaches to assess disparities in diagnosis and prescribing practices.

Register

You must register to attend the virtual conference by 5 p.m. CDT on April 21, 2023. You will receive a confirmation email with your responses and placeholder appointments to add to your calendar. Links to join the virtual conference will be provided to registered attendees in the days prior to the conference.
