

STAY SAFE MN

# Wabasha County Community Testing Demographics

These demographics and results are for testing completed on August 10, 2020, at the Bluff Country School Bus Service, Plainview, MN. Testing was offered by the State of Minnesota in partnership with the City of Plainview, Wabasha County Public Health, and Wabasha County.

- Testing was open to everyone. Residents of neighboring communities were eligible to be tested. People who lived further away were encouraged to find a local clinic before registering.
- People with and without symptoms were tested.
- Testing was free, no insurance needed.
- Pre-registration was encouraged and could be done online and by phone.
- Testing was administered by professional medical staff.

## Positivity rate: 0.71%

- 701 people were tested.
- 5 people were confirmed positive (cases).

## Symptoms

60% of those who tested positive did not have symptoms at the time of testing.

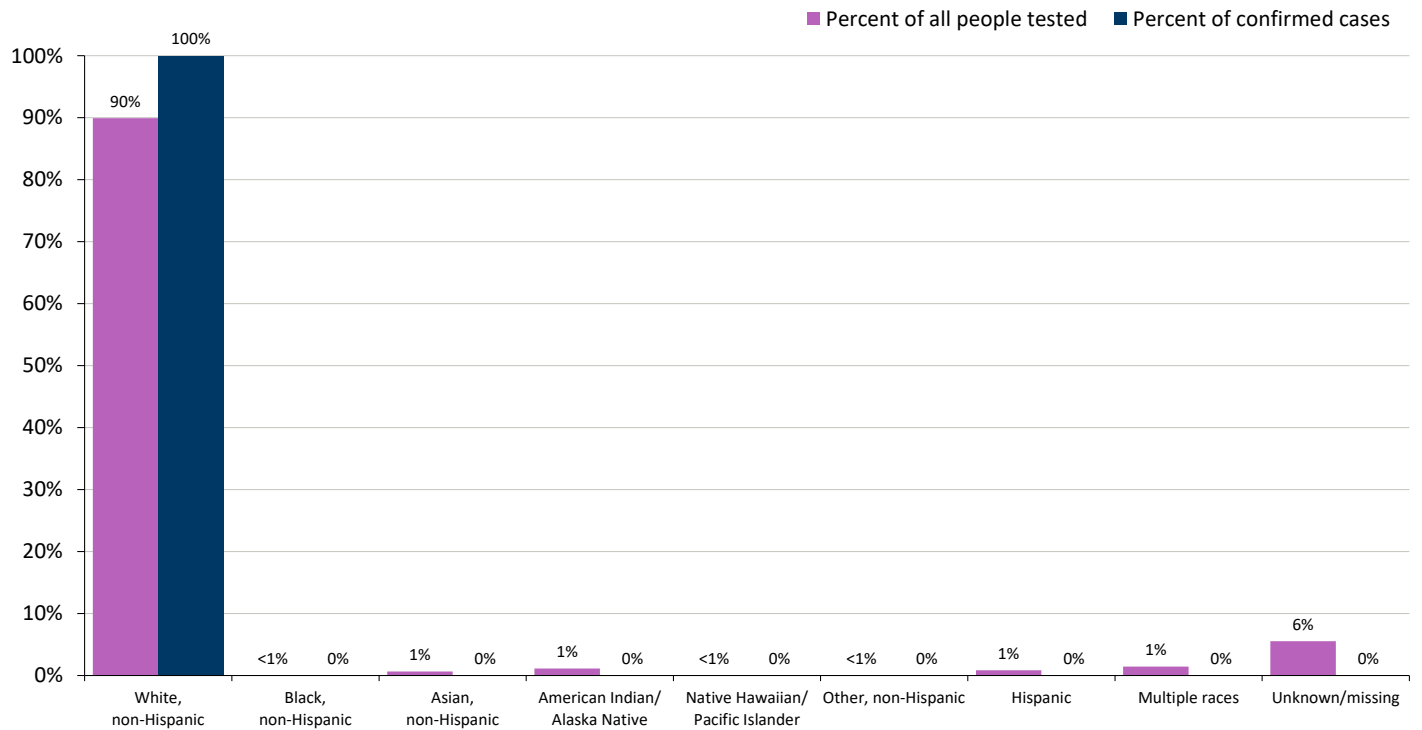

This speaks to the importance of staying home and isolating if you believe you were exposed and wearing a mask and washing your hands to reduce potential spread.

## Age

| Age         | Age of all people tested | Age of confirmed cases |
|-------------|--------------------------|------------------------|
| Age range   | 1-94 years               | 37-69 years            |
| Average age | 48                       | 50                     |

# Race/Ethnicity

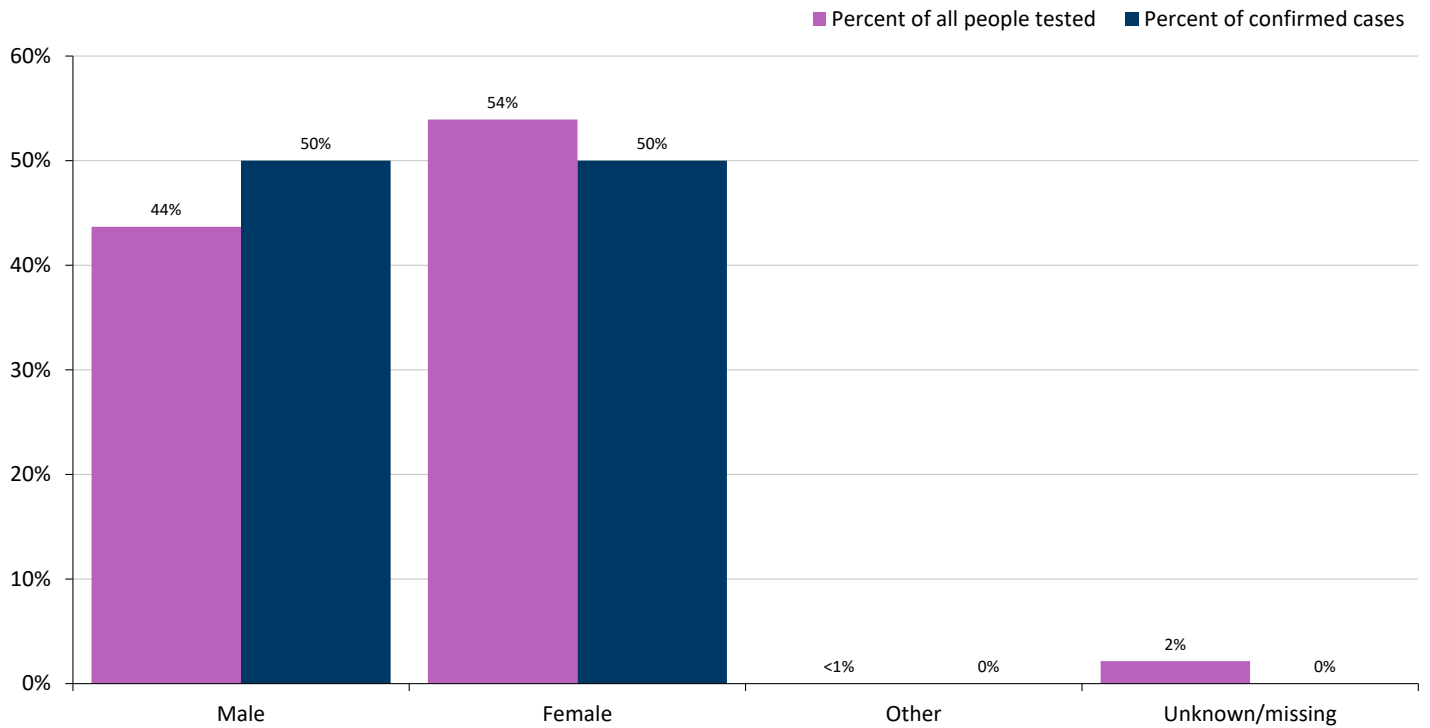

People were able to select from all race/ethnicity categories that applied to them. Those listed within a race/ethnicity category only selected one race/ethnicity. If they selected more than one, they are listed under multiple races.

| Race/Ethnicity                   | Number of people tested | Percent of all people tested | Number of confirmed cases | Percent of confirmed cases |
|----------------------------------|-------------------------|------------------------------|---------------------------|----------------------------|
| White, non-Hispanic              | 597                     | 85%                          | 5                         | 100%                       |
| Black, non-Hispanic              | 8                       | 1%                           | 0                         | 0%                         |
| Asian, non-Hispanic              | 11                      | 2%                           | 0                         | 0%                         |
| American Indian/Alaska Native    | 0                       | 0%                           | -                         | -                          |
| Native Hawaiian/Pacific Islander | 1                       | <1%                          | 0                         | 0%                         |
| Other, non-Hispanic              | 3                       | <1%                          | 0                         | 0%                         |
| Hispanic                         | 33                      | 5%                           | 0                         | 0%                         |
| Multiple races                   | 10                      | 1%                           | 0                         | 0%                         |
| Unknown/missing                  | 38                      | 5%                           | 0                         | 0%                         |
| <b>Total</b>                     | <b>701</b>              |                              | <b>5</b>                  |                            |

# Gender

People were only able to select one gender.

| Gender          | Number of people tested | Percent of all people tested | Number of confirmed cases | Percent of confirmed cases |
|-----------------|-------------------------|------------------------------|---------------------------|----------------------------|
| Male            | 298                     | 43%                          | 2                         | 40%                        |
| Female          | 390                     | 56%                          | 3                         | 60%                        |
| Other           | 0                       | 0%                           | -                         | -                          |
| Unknown/missing | 13                      | 2%                           | 0                         | 0%                         |
| <b>Total</b>    | <b>701</b>              |                              | <b>5</b>                  |                            |
