

# VIRTUAL SEMINAR

## The Safe Transport of Division 6.2 Infectious Substances, Biological Specimens, Dry Ice & Related Materials

Delivered by Saf-T-Pak and supported by the Association of Public Health Laboratories

### DESCRIPTION

Participants in Saf-T-Pak's one-day virtual seminars receive the comprehensive Saf-T-Pak Training Reference Manual and take part in hands-on exercises to correctly pack, mark, label and document a shipment using actual UN-specification packaging. The training meets the requirements outlined by IATA, ICAO and US DOT 49 CFR regulations.

### AUDIENCE

This virtual seminar is designed for laboratorians who package, ship and transport Division 6.2 hazardous materials.

### OBJECTIVES

At the conclusion of this program, the participant will be able to:

- Select the correct packaging materials and labels
- Demonstrate how to classify, mark, label and document Division 6.2 hazardous materials (UN3373, UN2814 and UN2900) and use dry ice properly for transport
- Describe the shipper's responsibilities and legal implications
- Outline criteria for a shipper to accept or reject a shipment

### FACULTY

SAF-T-PAK Instructor

### AGENDA \*ALL TIMES EASTERN STANDARD TIME (EST)

10:50 a.m.	Log into Online Platform
11:00 a.m.	Introduction, Course Objectives
11:20 a.m.	Where Do the Regulations Come From? Overview of IATA, ICAO, & 49 CFR
11:40 a.m.	Responsibilities and Requirements: Shipper's, Operator's and Trainer's
12:15 p.m.	Break
12:30 p.m.	Forbidden and Hidden Dangerous Goods (DG), Select Agent and Impost Permits, State and Operator Variations
1:00 p.m.	Overview of Classification Systems
2:00 p.m.	Break
3:00 p.m.	How to Determine the Proper Shipping Name and UN Classification
3:30 p.m.	Requirements for Selecting Proper Packaging Materials
4:15 p.m.	Putting It All Together: Exercise
4:30 p.m.	Break
4:45 p.m.	Documentation: How to Complete a Shipper's Declarations and Air Waybills
5:00 p.m.	Final Question and Answer, Online Post-Test, CEU and Evaluation Instructions
6:00 p.m.	Adjourn

### TRAINING DATES & REGISTRATION INFORMATION

Please contact your State Public Health Laboratory representative for registration details.

### CONTINUING EDUCATION

Saf-T-Pak is approved as a provider of continuing education programs in the clinical laboratory sciences by the ASCLS P.A.C.E.® Program. Participants who successfully complete this program will be awarded 8 contact hours.

### COMPETENCIES ACHIEVED

Successful completion of this course will result in the attendee [competence](#) in the following beginner packaging and shipping microbiology domains:

- MCB 3.02: Packaging and Shipping: Describes routine sample collection, labeling and handling policies, processes and procedures for microbiological examination
- MCB 3.03: Material transport: Describes the importance of adhering to established policies, processes and procedures regarding microbiological material transport.

### FUNDING STATEMENT

This (training, workshop, webinar, conference...) is supported by Cooperative Agreement number NU600E000104 (CFDA No. 93.322), funded by the Centers for Disease Control and Prevention. Its contents are solely the responsibility of the authors and do not necessarily represent the official views of the Centers for Disease Control and Prevention or the Department of Health and Human Services, or APHL and member laboratories. This project was 100% funded with federal funds from a federal program of \$4,645,651.
