

Ticks, Mosquitoes, and Our Health

For veterinarians and
veterinary technicians in MN

Speakers

Jenna Bjork, DVM, MPH
MDH

Janice Mladonicky,
DVM, MPH
UMN

Stacey Schwabenlander,
DVM, MPH, DACVPM
BAH

Noon, Tuesday, March 31

Ask questions and learn about:

- Vectors and vectorborne diseases endemic to Minnesota
- When and where disease risk is highest in Minnesota
- Clinical signs, diagnostics, and treatment for humans and animals
- Reporting vectorborne diseases to the Board of Animal Health

To register for this free webinar,
visit health.mn.gov/ticks

The webinar has been approved for veterinarians and veterinary technicians to receive one Minnesota Board of Veterinary Medicine continuing education credit.
