Status Update

Schedule for SPIRIT Web Project – Still Being Developed

The impact of the approved delays in software development on our testing and roll-out schedule is still being assessed. No additional information is currently available about the [WINNIE Tentative Timeline](#). We will plan to provide a more comprehensive timeline, once it's developed, in an upcoming WINNIE newsletter.

The WINNIE Application/Software

Although WINNIE isn't considered a "new" system (since the database is the same and the internal code is simply being rewritten) like when we transitioned to HuBERT, by the very nature of making the system browser-based, how it looks and feels to the user will be very different.

Therefore, going forward we will take a look at some of the screens in WINNIE and some exciting new changes that will be coming. In this newsletter, we'll take a look at managing notes.

Manage Notes

The Manage Notes screen is available via the navigation pane (1) in the participant folder and during certifications and mid-certification assessments.

In general, the same functionality is available as found in HuBERT. The types of notes are the same (General Notes (2), SOAP Notes (3), Breastfeeding Notes (4) and System Notes (5)) and the type of notes that display can be filtered (6).

The screenshot shows the 'Manage Notes' interface in the SPIRIT Web application. The left navigation pane (1) is expanded to 'Participant Folder'. The main area shows a filter bar (6) with tabs for SOAP Notes, General Notes, Breastfeeding Notes, and System Notes. Below the filter bar is a table of results with columns for Note Type, Created Date, Subject, and Staff Member. The table contains four rows of notes. Below the table is a 'Note Text' section with a text area containing test data.

Note Type	Created Date	Subject	Staff Member
SOAP Note	06/15/2021	SOAP	SARAH MALLBERG
System Note	06/15/2021	VOC Document Produced	SARAH MALLBERG
General	06/15/2021	Appointments	EMILY GOMEZ
General	06/15/2021	Other	SARAH MALLBERG

Note Text:
 S: This is a test.
 O:
 01/08/2021 28 years, 9 months and 12 days; 0 0/8 inches; null pounds 0 ounces.
 01/08/2021 Exception [COVID-19]

New Features

In WINNIE, however, notes can be **edited (1) and deleted (2) by the user that created the note on the same date** as the note is created. If a note cannot be completed on that same date, the user has the option to delete the note before the day ends.

Agency 241 - HENNEPIN COUNTY HUMAN SERVICES AND PUBLIC HEALTH Clinic: 092 - 092 - BROOKDALE Participant DAY, SUNNY (00926355) Age: 29 years, 2 months and 19 days

Note Text

General Notes

General Notes have the same Subject list as in HuBERT and the Subject is required.

General Note

Subject

Note Text

Save Cancel

Also like HuBERT, a General Note can be created from the Food Prescription screen.

Food Prescription

Effective Date

06/15/2021
