Request for Waiver

Plan Year: 2020

Please ensure that information contained on this waiver request coincides with information provided on the geographical access maps and provider list submitted with this application.

1. Name and Title of Person Submitting this Document:

Carrier	Name Network	Network ID	Reason Code 4: Network Structure*
Medica Insurance Company	Park Nicollet First with Medica	MNN007	ACO
Name	Title	Date	Reason Code 4: Enrollees in Network*
Lori Nelson	SVP Network Management	8/30/2019	338

2. By submitting this form, the above-referenced confirms:

- A. That person submitting this request has personal knowledge of the network contracting process involved in this submission; and
- B. That access cannot be met for the following provider type(s). Include the county and reason(s) for not meeting the requirements.

Provider Type	County	Reason Code	Notes	Affected Enrollees*	Percent Not Covered*
General Hospital facilities	Anoka	4	This product is an accountable care organization (ACO) with Park Nicollet and their partner clinics and facilities. Because they work together as an integrated system, they can better coordinate care and deliver a better member experience. Integration, collaboration and coordination among all providers within the network are critical to this model's success. As a result, non-partner clinics and facilities are not included in this network. The ACO network is developed to provide members access to a comprehensive group of providers. If a service or type of care is unavailable within the network, members may receive a referral to a non-network provider and receive in-network benefits. Medica supports Telehealth and Telemedicine technologies as an additional option for members.	0	10%

Please use additional sheet if needed

***Only for Reason Code 4, Network Structure, Enrollees in Network, Affected Enrollees, and Percent Not Covered only needed if reason code is 4 and provider type is Primary Care, Pediatric Services Providers (Primary Care), General Hospital and Mental Health.**

As part of this waiver request for all reason codes, a carrier must demonstrate with specific data that the geographic access standards cannot be met in a particular service area or part of a service area and also state what steps were and will be taken to address the network inadequacy (MN Statutes § 62K.10, subdivision 5).

Reason Codes:

- Carrier has conducted a good faith search for providers and determined that there are no providers physically present in the service area of the type requested in the waiver. MDH will not grant a waiver for this reason code unless the carrier demonstrates, with specific information, that there are no providers physically present in the part(s) of the service area for which the waiver is sought. Specific information may include provider directories and sources consulted, physical geography that affects the location of providers, or other information that affects the availability and location of providers. Telemedicine may be used as a means to provide access when there are no providers physically present to meet the standard. The carrier should describe how it will assess the availability of providers who begin practice
