TRIENNIAL COMPLIANCE ASSESSMENT

1/27/2021

## **Triennial Compliance Assessment**

Performed under Interagency Agreement for Minnesota Department of Human Services

Examination Period: July 2, 2018– May 31, 2020

File Review Period: June 1, 2019 – May 31, 2020

On-Site: July 27 – July 31, 2020

Examiners: Elaine Johnson, RN, BS, CPHQ; Kate Eckroth, MPH; Tom Major, MS

Final Report Issue Date: January 27, 2021

Minnesota Department of Health  
Managed Care Systems Section  
PO Box 64882  
St. Paul, MN 55164-0882

# Triennial Compliance Assessment

## Executive Summary

Federal statutes require the Department of Human Services (DHS) to conduct on-site assessments of each contracted Managed Care Organization (MCO) to ensure they meet minimum contractual standards. Beginning in calendar year 2007, during the Minnesota Department of Health's (MDH's) managed care licensing examination (MDH QA Examination) MDH began collecting (on-behalf of DHS) on-site supplemental compliance information. This information is needed to meet the federal Balanced Budget Act's external quality review regulations and is used by the External Quality Review Organization (EQRO) along with information from other sources to generate a detailed annual technical report (ATR). The ATR is an evaluation of MCO compliance with federal and state quality, timeliness and access to care requirements. The integration of the MDH QA Examination findings along with supplemental information collected by MDH (triennial compliance assessment- TCA) meets the DHS federal requirement.

## TCA Process Overview

DHS and MDH collaborated to redesign the TCA processes, simplifying timelines and corrective action plan submissions, and adding a step to confirm MCO compliance with corrective action plans. The basic operational steps remain the same however; when a TCA corrective action plan is needed, the MCO will submit the TCA Corrective Action Plan to MDH following the MDH corrective action plan submission timelines. When the final QA Examination Report is published, the report will include the final TCA Report. Although the attachment of the final TCA Report to the QA Examination Report is a minor enhancement, this will facilitate greater public transparency and simplify finding information on state managed care compliance activities. Below is an overview of the TCA process steps:

- The first step in the process is the collection and validation of the compliance information by MDH. MDH's desk review and on-site QA Examination includes the collection and validation of information on supplemental federal and public program compliance requirements. To facilitate this process the MCO is asked to provide documents as requested by MDH.
- DHS evaluates information collected by MDH to determine if the MCO has "met" or "not met" contract requirements. The MCO will be provided a Preliminary TCA Report to review DHS' initial "met/not met" determinations. At this point, the MCO has an

opportunity to refute erroneous information, but may not submit new or additional documentation. Ample time and opportunities are allowed during the QA Examination to submit documents, policies and procedures, or other information to demonstrate compliance. The MCO must refute erroneous TCA finding within 30 days. TCA challenges will be sent by the MCO to MDH. MDH will forward the MCO's TCA rebuttal comments to DHS for consideration.

- Before making a final determination on “not-met” compliance issues, DHS will consider TCA rebuttal comments by the MCO. DHS will then prepare a final TCA Report that will be sent to MDH and attached to the final QA Examination Report. As a result of attaching the final TCA Report to the QA Examination Report, greater public transparency will be achieved by not separating compliance information and requiring interested stakeholder to query two state agencies for managed care compliance information.
- The MCO will submit to MDH a corrective action plan (CAP) to correct not-met determinations. The MCO TCA CAP must be submitted to MDH within 30 days. If the MCO fails to submit a CAP, and/or address contractual obligation compliance issues, then financial penalties will be assessed.
- Follow-up on the MCO TCA CAP activities to address not-met issues by MDH. During the on-site MDH Mid-cycle QA Exam, MDH will follow-up on TCA not-met issues to ensure the MCO has corrected all issues addressed in the TCA Corrective Action Plan. CAP follow-up findings will be submitted to DHS for review and appropriate action will be initiated by DHS if needed.

# I. QI Program Structure - 2020 Contract Section 7.1.1 (1-2)<sup>1,2</sup>

The MCO must incorporate into its quality assessment and improvement program the standards as described in 42 CFR 438, Subpart D (access, structure and operations, and measurement and improvement)

**TCA Quality Program Structure Data Grid**

8 MSHO, MSC+ Contract section 7.1.5 (1-4); SNBC Contract section 7.1.5 (1-4)

9 The definition of special health care needs is different among the three contracts. For MSHO/MSO+ and SNBC, all enrollees are considered to have special health care needs

PRIMEWEST HEALTH TRIENNIAL COMPLIANCE ASSESSMENT

<p>(1) The MCO must analyze claim data for diagnoses and utilization patterns (both under- and over-utilization) to identify Enrollees who may have special health care needs. At a minimum the MCO must quarterly analyze claim data to identify Enrollees eighteen (18) years and older for the following:</p> <ul style="list-style-type: none"> <li>a. Prevention Quality Indicators as described in the <i>“Guide to Prevention Quality Indicators: Hospital Admission for Ambulatory Care Sensitive Conditions”</i> by AHRQ for bacterial pneumonia, dehydration, urinary tract infection, adult asthma, congestive heart failure, hypertension and chronic pulmonary disease;</li> <li>b. Hospital emergency department utilization as determined by the MCO;</li> <li>c. Inpatient utilization stays for the MCO’s identified key Minnesota Health Care Program diagnoses or diagnoses clusters;</li> <li>d. Hospital readmission for the same or similar diagnoses as defined by the MCO within a timeframe specified by the MCO;</li> <li>e. Individual Enrollee claims totaling more than one hundred thousand dollars (\$100,000) per year; and</li> <li>f. Home Care Services utilization as determined by the MCO.</li> </ul>		
<p>(2) In addition to claims data, the MCO may use other methods, such as:</p> <ul style="list-style-type: none"> <li>1) health risk assessment surveys;</li> <li>2) performance measures;</li> <li>3) medical record reviews;</li> <li>4) Enrollees receiving PCA services;</li> <li>5) requests for Service Authorizations; and/or</li> <li>6) Other methods developed by the MCO or its Network Providers.</li> </ul>	<p><b>Met</b></p>	
<p>B. Assessment of enrollees identified, (Senior and SNBC Contract – care plan) and</p> <p>7.1.5.2 <b>Assessment of Enrollees Identified.</b> The MCO must implement mechanisms to assess Enrollees identified and monitor</p>	<p><b>Met</b></p>	

PRIMEWEST HEALTH TRIENNIAL COMPLIANCE ASSESSMENT

<p>the treatment plan set forth by the MCO’s treatment team, as applicable. The assessment must utilize appropriate Health Care Professionals to identify any ongoing special conditions of the Enrollee that require a course of treatment or regular care monitoring.</p>		
<p><b>7.1.5.3 Access to Specialists.</b> If the assessment determines the need for a course of treatment or regular care monitoring, the MCO must have a mechanism in place to allow Enrollees to directly access a specialist as appropriate for the Enrollee’s condition and identified needs. [Minnesota Statutes, §62Q.58]</p>	<p><b>Met</b></p>	
<p><b>7.1.5.4 Annual Reporting to the STATE.</b> The MCO shall incorporate into, or include as an addendum to, the MCO’s Annual Quality Assessment and Performance Improvement Program Evaluation (as required in section 7.1.8) a Special Health Care Needs summary describing efforts to identify Enrollees that may need additional services and the following items:</p> <ul style="list-style-type: none"> <li>(1) The number of Adults identified in section 7.1.4(A) with special health care needs;</li> <li>(2) The annual number of assessments completed by the MCO or referrals for assessments completed; and</li> <li>(3) If the MCO adds the information in this section as an addendum, the addendum must include an evaluation of items 7.1.5.1 through 7.1.5.3.</li> </ul>	<p><b>Met</b></p>	

## V. Practice Guidelines -2020 Contract Section 7.1.6 (1–2)<sup>10</sup>

The MCO shall adopt, disseminate and apply practice guidelines consistent with current NCQA “Standards and Guidelines for the Accreditation of Health Plans,” QI 7 Clinical Practice Guidelines.

**Practice Guidelines Data Grid**

**Summary:**

MDH received a random sample of 40 Elderly Waiver (EW) clients on MSHO or MSC+ enrolled in PrimeWest Health for the time period 01/01/2019-12/31/2019 from DHS per audit protocol. MDH reviewed 8 initial EW care plan files and 15 re-assessments. MDH results were consistent with what PrimeWest Health audit findings. PrimeWest Health requires a 90% compliance threshold in their care plan audit review. Any delegates that fall below the 90% threshold are required to submit a corrective action plan and PWH follows up regularly with the delegate to ensure they are making corrections to remediate the issue(s).
