RFP Part 1: Overview

1.1 General Information

- **Announcement Title:** Rural Health Transformation Program: Child and Adolescent Mental Health Initiatives
- **Minnesota Department of Health (MDH) Program Website:** [Rural Health Transformation Program Funding - MN Dept. of Health](#)
- **Application Deadline:** June 15, 2026 4:30 p.m. Central Time

1.2 Program Description

The federal Rural Health Transformation Program (RHTP) was created by H.R.1 (Section 71401 of Public Law 119- 21) on July 4, 2025. It is a federal initiative to help state governments support rural communities in improving healthcare access, quality, and outcomes by transforming the healthcare delivery ecosystem. The RHTP focuses on promoting innovation, strategic partnerships, infrastructure development, and workforce investment in rural communities. The federal program will grant up to \$50 billion to states over five budget periods.

The Minnesota Department of Health (MDH) was awarded approximately \$193 million by the Centers for Medicare & Medicaid Services (CMS) for the first budget period to transform the rural health system in Minnesota. Most of the funding will be distributed in grants to rural and Critical Access hospitals, rural Tribal Nations, Federally Qualified Health Centers (FQHCs), and rural Certified Community Behavioral Health Clinics (CCBHCs) and Community Mental Health Centers (CMHCs).

Minnesota's RHTP covers a broad range of initiatives designed to advance the overarching goals of improving health outcomes and access to care for rural Minnesotans, strengthening partnerships between providers to expand service delivery in rural communities, and stabilizing rural provider financial health through strategic investments.

This RFP supports the planning and development of regional Child and Adolescent Mental Health Initiatives. These initiatives will serve as a mechanism for regional collaboration to build effective community-based mental health services for children and adolescents across Minnesota. Based on the work of the [Minnesota Adult Mental Health Initiatives](#), this activity brings counties and consortia of counties together to regionally coordinate mental health crisis services and support child and adolescent mental health. While Minnesota has a model of Adult Mental Health Initiatives, the needs of children and adolescents are different from those of adults, and this model should reflect these unique needs. Notably, this activity must be shaped for the needs of children and adolescents.

These initiatives will include evidence-based and research-informed practices and service delivery. When fully operational, services that the Child and Adolescent Mental Health Initiatives implement may include:

RURAL HEALTH TRANSFORMATION PROGRAM:
CHILD AND ADOLESCENT MENTAL HEALTH INITIATIVES

- Coordinated early identification of children, adolescents, and families in need of services and intervention
- Increasing and improving culturally and developmentally appropriate and accessible services
- Improved service coordination, including transitional care planning
- Family and community education, support and training for rural families, residents and stakeholders
- Protected transportation for those in crisis
- Prevention programs, such as screening for mental health conditions, community outreach, and systems collaboration
- Continuum of care for mental health services for children and adolescents

Note that programs may not pay for direct clinical services, any billable services, or anything that duplicates or supplants existing funding sources.

1.3 Funding and Project Dates

Funding

Funding will be allocated through a competitive process. If selected, you may only incur eligible expenditures when the grant agreement is fully executed, and the grant has reached its effective date, whichever is later.

Funding	Estimate
Estimated Amount to Grant	\$1,782,000
Estimated Number of Awards	5-10
Estimated Award Maximum	\$400,000
Estimated Award Minimum	\$200,000

Future Funding

The RHTP is a 5-year funding program from CMS. Future funding may be available to selected grantees in years 2-5 of Minnesota's program. This funding is dependent on work available and CMS's award to Minnesota. Current grantees will be notified of possible amendments for time and additional funds in the future.

Match Requirement

There is no match requirement for this program.

Project Dates

- **Request for Proposal published:** May 11, 2026
- **Applications due:** June 15, 2026 4:30 p.m. Central Time

RURAL HEALTH TRANSFORMATION PROGRAM:
CHILD AND ADOLESCENT MENTAL HEALTH INITIATIVES

- **Grant agreements begin (estimated):** July 22, 2026
- **Grant Agreements end:** October 30, 2030

1.4 Eligible Applicants

- Applicants must be:
 - Located in Minnesota
 - Located outside of the seven-county metropolitan area and serve rural communities
 - The seven-county metropolitan area includes Hennepin, Ramsey, Dakota, Anoka, Washington, Carver, and Scott counties
- Applicants may include:
 - Established Child and Adolescent Mental Health Collaboratives (including Integrated Children’s Mental Health and Family Services Collaboratives)
 - Counties or consortia of counties/county health boards
 - Current consortia/regions serving Minnesota’s Adult Mental Health Initiatives are strongly encouraged to apply in the same configuration
 - Tribal Nations

Collaboration

Applicants are required to demonstrate a comprehensive approach to address child and adolescent mental health needs in their regions. Collaborating organizations should focus on child and adolescent services. Examples of collaborating partners include local public health, regional suicide prevention coordinators, schools and school-based health centers (birth-12th grade), emergency departments, children’s justice professionals, primary care providers or others serving the mental health needs of children and adolescents.

1.5 Questions and Answers

All questions regarding this RFP must be submitted by email to Grants.ruraltransformation.mdh@state.mn.us. Answers will be posted within seven business days at [Rural Health Transformation Program Funding - MN Dept. of Health](#).

Please submit questions no later than 4:30 p.m. Central Time on June 1, 2026.

To ensure the proper and fair evaluation of all applications, other communications regarding this RFP including verbal, telephone, written, or internet initiated by or on behalf of any applicant to any employee of the Department, other than questions submitted to as outlined above, are prohibited. **Any violation of this prohibition may result in the disqualification of the applicant.**

RFP Information Meeting

An informational meeting about this Request for Proposals will take place on [May 21, 2026 at 12:30 p.m. \(Teams\)](#). A link will also be provided at [Rural Health Transformation Program Funding - MN Dept. of Health](#).

RURAL HEALTH TRANSFORMATION PROGRAM:
CHILD AND ADOLESCENT MENTAL HEALTH INITIATIVES

All prospective applicants are strongly encouraged to attend. Materials from the informational meeting, including slides and questions and answers, will be posted at [Rural Health Transformation Program Funding - MN Dept. of Health](#) within seven business days following the meeting.

RFP Part 2: Program Details

2.1 Priorities

Health Equity Priorities

It is the policy of the State of Minnesota to ensure fairness, precision, equity, and consistency in competitive grant awards. This includes implementing diversity and inclusion in grant-making. [The Policy 08-02 on Rating Criteria for Competitive Grant Review \(PDF\)](#) establishes the expectation that grant programs intentionally identify how the grant serves diverse populations, especially populations experiencing inequities and/or disparities.

This grant will serve children and adolescents (up to age 18) in rural Minnesota who experience mental health crises and other mental health needs. Care will be trauma-informed and trauma-responsive.

Grant outcomes will include:

- Increasing mental health services for children and adolescents in rural Minnesota
- Establishing and deepening collaborative regional mental health access for children and adolescents
- Bringing together people with lived experience, providers, counties, Tribal Nations, managed care organizations (MCOs), and MN Department of Human Services to fully utilize all available resources to meet regional needs
- Developing and providing an array of person-and family-centered services that build on personal, cultural, and community strengths
- Using a data-driven model to evaluate the impact of services on health outcomes
- Ensuring access, early intervention, coordination, and application of resources through creative partnerships

2.2 Eligible Projects

Eligible projects may include:

- Community outreach to increase access to child and adolescent mental health services
- Planning and creation of evidence-based and research-informed child and adolescent mental health teams and service delivery. Teams may include different services including:
 - Prevention teams
 - Mobile crisis response teams
 - Developmentally and culturally informed supports for children, adolescents, and their families
 - Holistic continuum of care services and service coordination

RURAL HEALTH TRANSFORMATION PROGRAM:
CHILD AND ADOLESCENT MENTAL HEALTH INITIATIVES

- Coordination of mental health integration into community services such as early childhood programs, school-based behavioral health programs, suicide prevention initiatives, justice programs for children and adolescents, housing, and childcare
- Coordination of statewide learning opportunities for Child and Adolescent Mental Health Collaboratives and Partners
- Opportunities for local advisory councils supporting children and adolescents to share lived experience and other relevant information
- Training for providers in specific models of care to advance the prevention, care coordination and crisis intervention for children and adolescents

Eligible Expenses

- Hiring or contracting with regional planners
- Purchasing supplies or technology to improve access to services and support networks, including for telehealth support
- Salary and fringe to train the workforce on specific models of family and youth-focused care or to facilitate planning and coordinate services
- Contracted services to provide training, develop youth-focused care models, conduct needs assessments, or facilitate planning
- Administrative costs, both direct and indirect, not to exceed 6% of your total budget (see the Administrative Costs section in RFP Part 4: Application Guidance for examples of administrative costs)

Ineligible Expenses

Ineligible expenses include but are not limited to:

- Rural Health Transformation Program Ineligible Expense outlined in [Attachment B](#)
- Solicitating donations
- Taxes, except sales tax on goods and services
- Lobbyists, political contributions
- Bad debts, late payment fees, finance charges, or contingency funds

2.3 Estimated Timeline

- Budget Period 1: Grant Agreement execution date – October 30, 2026 (grantees will be able to spend budget period 1 funds through September 30, 2027; work plans and budgets may reflect that time period)
 - Governance framework developed and adopted; grant-related staff hired and trained; community-based stakeholders identified and involved in planning and shaping activities.
 - Child and adolescent regional mental health service needs and gaps identified and analyzed
 - Regional service delivery models and crises stabilization protocols, including mobile response teams, developed to meet child and adolescent needs

RURAL HEALTH TRANSFORMATION PROGRAM:
CHILD AND ADOLESCENT MENTAL HEALTH INITIATIVES

- Work plans developed to deliver services
- Coordination developed with community partners such as local public health, regional suicide prevention coordinators, schools and school-based health centers, emergency departments, children’s justice professionals, primary care providers regarding service delivery
- Referral pathways put in place
- Budget Period 2: October 31, 2026 – October 30, 2027:
 - Services and activities launched and marketed across the region
 - Development of child- and adolescent-specific mental health service infrastructure continued (such as establishment of emergency and non-emergency transport options)
 - Intake and triage criteria specified
 - Assertive Community Treatment teams are in place
 - Data sharing agreements and methodology to collect metrics are in place)
 - Standardized practices draft developed to align with Adult Mental Health Initiatives
- Budget Period 3: October 31, 2027 – October 30, 2028:
 - Teams continue to offer and expand services throughout their service area
 - Teams continue to educate and market services in community
 - Sustainability plans are developed to transition activities and services
 - Draft of standardized practices developed to align with Adult Mental Health Initiatives
- Budget Period 4: October 31, 2028 – October 30, 2029:
 - Teams continue to offer and expand services throughout their service area
 - Teams continue to educate and market services in community
 - Draft of standardized practices developed to align with Adult Mental Health Initiatives
 - Sustainability plan fully developed
- Budget Period 5: October 31, 2029 – October 30, 2030:
 - Regional networks are fully operational for child and adolescent mental health crisis response. Fully implemented.
 - Sustainable plans and resources for ongoing funding are in place

2.4 Required Data Collection

The RHTP has strict reporting requirements with which MDH and subrecipients must comply. Note that for the RHTP, rural communities are defined by the [U.S. Department of Agriculture’s Rural-Urban Commuting Areas \(RUCA\) classification codes 4-10](#). A [Rural Urban Commuting Area 4-10 by Zip Code reference table \(Excel\)](#) of Minnesota communities considered rural by this definition can be found on the [Office of Rural Health and Primary Care Funding webpage](#). The following data will be collected in progress reports:

Baseline Data

- How many mental health crisis services for children and adolescents exist in your service area?
- What types of mental health crisis services for children and adolescents are available in your service area?

Regular Programmatic Reporting

- How many children and adolescents were served by RHTP-funded mental health services in this reporting period?
- What types of, and how many, mental health crisis services for children and adolescents were established with RHTP funding in your service area in this reporting period?

2.5 Grant Management Responsibilities

Grant Agreement

Each grantee must formally enter into a grant agreement. The grant agreement will address the conditions of the award, including implementation for the project. The grantee is expected to read the grant agreement, sign, and comply with all conditions of the grant agreement. Grantee should provide a copy of the grant agreement to all grantee staff working on the grant.

No work on grant activities can begin until a fully executed grant agreement is in place.

A sample grant agreement can be found on [MDH Grant Resources](#). Applicants should be aware of the terms and conditions of the standard grant agreement in preparing their applications. Much of the language reflected in the sample agreement is required by statute. If an applicant takes exception to any of the terms, conditions or language in the sample grant agreement, the applicant must indicate those exceptions, in writing, in their application in response to this RFP. Certain exceptions may result in an application being disqualified from further review and evaluation. Only those exceptions indicated in an application will be available for discussion or negotiation.

The funded applicant will be legally responsible for assuring implementation of the work plan and compliance with all applicable state requirements including worker's compensation insurance, nondiscrimination, data privacy, budget compliance, and reporting.

Accountability and Reporting Requirements

It is the policy of the State of Minnesota to monitor progress on state grants by requiring grantees to submit written progress reports at least annually until all grant funds have been expended and all of the terms in the grant agreement have been met.

RHTP progress reports will be submitted bimonthly:

- August 20
- October 20

RURAL HEALTH TRANSFORMATION PROGRAM:
CHILD AND ADOLESCENT MENTAL HEALTH INITIATIVES

- December 20
- February 20
- April 20
- June 20

Grant Monitoring

[Minn. Stat. § 16B.97](#) and [Policy 08-10 on Grant Monitoring \(PDF\)](#) require the following:

- One monitoring visit during the grant period on all state grants over \$50,000
- Annual monitoring visits during the grant period on all grants over \$250,000
- Conducting a financial reconciliation of grantee's expenditures at least once during the grant period on grants over \$50,000

Technical Assistance

MDH staff will be available to provide technical assistance as needed to all grant recipients. This includes topics such as progress reporting, reimbursement processing, community engagement, and addressing project implementation challenges. Please direct all questions related to this grant to your grant manager, once assigned, or the Rural Health Transformation Grants Team at Grants.ruraltransformation.mdh@state.mn.us.

Grant Payments

Per [State Policy 08-08 on Grant Payments \(PDF\)](#), reimbursement is the method for making grant payments. All grantee requests for reimbursement must correspond to the approved grant budget. The State shall review each request for reimbursement against the approved grant budget, grant expenditures to-date and the latest grant progress report before approving payment. Grant payments shall not be made on grants with past due progress reports unless MDH has given the grantee a written extension.

A reimbursement request (invoice) form will be provided to grantees prior to first reporting period. Grantees will submit supporting documentation with each financial report; supporting documentation must provide proof of expenses incurred and paid. MDH will provide guidance and training to grantees on financial reporting.

RHTP financial reports will be submitted bimonthly:

- August 20
- October 20
- December 20
- February 20
- April 20
- June 20

2.6 Grant Provisions

Affirmative Action and Non-Discrimination Requirements for all Grantees

The grantee agrees to comply with applicable state and federal laws prohibiting discrimination.

Minnesota's nondiscrimination law is the [Minnesota Human Rights Act \(MHRA\), Minn. Stat. § 363A](#). See, for example, [Minn. Stat. § 363A.02](#). The MHRA is enforced by the [Minnesota Department of Human Rights](#). Some, but not all, MHRA requirements are reflected below. All grantees are responsible for knowing and complying with nondiscrimination and other applicable laws.

The grantee agrees not to discriminate against any employee or applicant for employment because of race, color, creed, religion, national origin, sex, marital status, status in regard to public assistance, membership or activity in a local commission, disability, sexual orientation, or age in regard to any position for which the employee or applicant for employment is qualified.

The grantee agrees not to discriminate in public accommodations because of race, color, creed, religion, national origin, sex, gender identity, sexual orientation, and disability.

The grantee agrees not to discriminate in public services because of race, color, creed, religion, national origin, sex, gender identity, marital status, disability, sexual orientation, and status with regard to public assistance.

The grantee agrees to take affirmative steps to employ, advance in employment, upgrade, train, and recruit minority persons, women, and persons with disabilities.

The grantee must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The grantee agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. [Minn. Rules, part 5000.3550](#).

Audits

Per [Minn. Stat. § 16B.98, subd. 8](#), the grantee's books, records, documents, and accounting procedures and practices of the grantee or other party that are relevant to the grant or transaction are subject to examination by the granting agency and either the legislative auditor or the state auditor, as appropriate. This requirement will last for a minimum of six years from the grant agreement end date, receipt, and approval of all final reports, or the required period of time to satisfy all state and program retention requirements, whichever is later.

Conflicts of Interest

MDH will take steps to prevent individual and organizational conflicts of interest, both in reference to applicants and reviewers per [Minn. Stat. § 16B.98](#) and the [Office of Grants Management's Policy 08-01, "Conflict of Interest Policy for State Grant-Making."](#) (PDF).

Applicants must complete [Applicant Conflict of Interest Disclosure form \(PDF\)](#) and submit it as part of the completed application. Failure to complete and submit this form will result in disqualification from the review process.

Organizational conflicts of interest occur when:

- a grantee or applicant is unable or potentially unable to render impartial assistance or advice
- a grantee's or applicant's objectivity in performing the grant work is or might be otherwise impaired
- a grantee or applicant has an unfair competitive advantage

Individual conflicts of interest occur when:

- an applicant, or any of its employees, uses their position to obtain special advantage, benefit, or access to MDH's time, services, facilities, equipment, supplies, prestige, or influence.
- An applicant, or any of its employees, receives or accepts money, or anything else of value, from another state grantee or grant applicant with respect to the specific project covered by this RFP/project.
- An applicant, or any of its employees, has equity or a financial interest in, or partial or whole ownership of, a competing grant applicant organization.
- An applicant, or any of its employees, is an employee of MDH or is a relative of an employee of MDH.

In cases where a conflict of interest is perceived, disclosed, or discovered, the applicants or grantees will be notified and actions may be pursued, including but not limited to disqualification from eligibility for the grant award or termination of the grant agreement.

Non-Transferability

Grant funds are not transferable to any other entity. Applicants that are aware of any upcoming mergers, acquisitions, or any other changes in their organization or legal standing, must disclose this information to MDH in their application, or as soon as they are aware of it.

Public Data and Trade Secret Materials

All applications submitted in response to this RFP will become property of the State. In accordance with [Minn. Stat. § 13.599](#), all applications and their contents are private or nonpublic until the applications are opened.

Once the applications are opened, the name and address of each applicant and the amount requested is public. All other data in an application is private or nonpublic data until completion

RURAL HEALTH TRANSFORMATION PROGRAM:
CHILD AND ADOLESCENT MENTAL HEALTH INITIATIVES

of the evaluation process, which is defined by statute as when MDH has completed negotiating the grant agreement with the selected applicant.

After MDH has completed the evaluation process, all remaining data in the applications is public with the exception of trade secret data as defined and classified in [Minn. Stat. § 13.37](#), subd. 1(b). A statement by an applicant that the application is copyrighted or otherwise protected does not prevent public access to the application or its contents. ([Minn. Stat. § 13.599](#), subd. 3(a)).

If an applicant submits any information in an application that it believes to be trade secret information, as defined by [Minn. Stat. § 13.37](#), the applicant must:

- Clearly mark all trade secret materials in its application at the time it is submitted,
- Include a statement attached to its application justifying the trade secret designation for each item, and
- Defend any action seeking release of the materials it believes to be trade secret, and indemnify and hold harmless MDH and the State of Minnesota, its agents and employees, from any judgments or damages awarded against the State in favor of the party requesting the materials, and any and all costs connected with that defense.
- This indemnification survives MDH's award of a grant agreement. In submitting an application in response to this RFP, the applicant agrees that this indemnification survives as long as the trade secret materials are in possession of MDH. The State will not consider the prices submitted by the responder to be proprietary or trade secret materials.

MDH reserves the right to reject a claim that any particular information in an application is trade secret information if it determines the applicant has not met the burden of establishing that the information constitutes a trade secret. MDH will not consider the budgets submitted by applicants to be proprietary or trade secret materials. Use of generic trade secret language encompassing substantial portions of the application or simple assertions of trade secret without substantial explanation of the basis for that designation will be insufficient to warrant a trade secret designation.

If a grant is awarded to an applicant, MDH may use or disclose the trade secret data to the extent provided by law. Any decision by the State to disclose information determined to be trade secret information will be made consistent with the [Minnesota Government Data Practices Act, Ch. 13 MN Statutes](#) and other relevant laws and regulations.

If certain information is found to constitute trade secret information, the remainder of the application will become public; in the event a data request is received for application information, only the trade secret data will be removed and remain nonpublic.

2.7 Review and Selection Process

Review Process

Funding will be allocated through a competitive process with review by a committee representing content specialists with knowledge of rural issues and rural healthcare. The review committee will evaluate all eligible and complete applications received by the deadline.

MDH will review all committee recommendations and is responsible for award decisions. **The award decisions of MDH are final and not subject to appeal.** Additionally:

- MDH reserves the right to withhold the distribution of funds in cases where proposals submitted do not meet the necessary criteria.
- The RFP does not obligate MDH to award a grant agreement or complete the project, and MDH reserves the right to cancel this RFP if it is considered to be in its best interest.
- MDH reserves the right to waive minor irregularities or request additional information to further clarify or validate information submitted in the application, provided the application, as submitted, substantially complies with the requirements of this RFP. There is, however, no guarantee MDH will look for information or clarification outside of the submitted written application. Therefore, it is important that all applicants ensure that all sections of their application are complete to avoid the possibility of failing an evaluation phase or having their score reduced for lack of information.

Selection Criteria and Weight

The review committee will review each applicant on a 100-point scale. A standardized scoring system will be used to determine the extent to which the applicant meets the selection criteria.

[Attachment A](#) outlines the evaluation criteria in detail.

- Project Narrative (65 points total)
- Work Plan (20 points total)
- Budget and Budget Narrative (15 points total)

Grantee Past Performance and Due Diligence Review Process

- It is the policy of the State of Minnesota to consider a grant applicant's past performance before awarding subsequent grants to them.
- State policy requires states to conduct a pre-award risk assessment prior to a grant award. Additional information may be required for proposed budgets of \$50,000 and higher to a potential applicant in order to comply with [Policy 08-06 on Preaward Risk Assessment \(PDF\)](#).

Notification

MDH anticipates notifying all applicants via email of funding decisions via by July 22, 2026.

RFP Part 3: Application and Submission Instructions

3.1 Application Deadline

All applications **must** be received by MDH no later than 4:30 p.m. Central Time on June 15, 2026 at 4:30 p.m.

Late applications will not be accepted. The [ORHPC Online Grants Portal](#) will send an automated email to the user who submitted the application to confirm the submission of your application. Additionally, the application status will change from “Draft” to “Submitted” on the Applicant Dashboard and record the date the application was submitted. If the application is still in draft status by the application deadline, you will no longer be able to edit or submit the application. If you do not receive an automated email confirming submission or encounter any other issues with the online application submission, please contact us promptly at Grants.ruraltransformation.mdh@state.mn.us.

If you encounter any issues with the online application submission, please contact us promptly at Grants.ruraltransformation.mdh@state.mn.us. We encourage you to submit in advance of the deadline to allow time to address any technical issues.

3.2 Application Submission Instructions

ORHPC requires application submissions to be made through an online [ORHPC Online Grants Portal](#). Please reference the [ORHPC Grant Guide \(PDF\)](#) for information on account creation, password recovery, application creation, and collaboration.

Read RFP Part 4: Application Guidance within this RFP document for instructions on how to address the application questions in the [ORHPC Online Grants Portal](#).

If you have any questions, please contact us at: Grants.ruraltransformation.mdh@state.mn.us.

3.3 Application Instructions

You must complete all required fields in the online application form in order for your application to be considered complete.

Incomplete applications will be rejected and not evaluated.

Applications must include all required application materials, including attachments. Do not provide any materials that are not requested in this RFP, as such materials will not be considered nor evaluated. **MDH reserves the right to reject any application that does not meet these requirements.**

By submitting an application, each applicant warrants that the information provided is true, correct, and reliable for purposes of evaluation for potential grant award. The submission of inaccurate or misleading information may be grounds for disqualification from the award, as

RURAL HEALTH TRANSFORMATION PROGRAM:
CHILD AND ADOLESCENT MENTAL HEALTH INITIATIVES

well as subject the applicant to suspension or debarment proceedings and other remedies available by law.

All costs incurred in responding to this RFP will be borne by the applicant.

RFP Part 4: Application Guidance

Section 1. Organization and Applicant Information

Basic information about the applicant entity is requested, including legal and business name, address, and tax identification information for contracting purposes.

This project is funded with federal dollars. Applicants must provide their [Unique Entity Identifier \(UEI\) Name and Number](#).

Section 2. Project Information

Contact Overview

This section requests contact information for the organization, including the Authorized Organization Representative (AOR). This person is often the CEO of the organization and must have the authority to enter a contract with the State. An additional program contact is also advised.

Section 3. Narrative

Organization Overview

Provide a brief overview of your organization's history, location, and administrative structure. Describe any unique characteristics or circumstances pertaining to your organization.

Organizational Capacity

Provide a description of your organization's experience in this subject matter and your experience working with the stakeholders identified in your project plan.

Problem Statement

Provide a description of the need for this project. The problem statement should demonstrate an understanding of the unique mental health needs of children and adolescents in your region. The problem statement should provide data and context for the project statement and proposed work plan.

Project Methods

The project methods must clearly explain how the grant funding will be used and what will be accomplished. Applicants should provide robust details on how the project will achieve the expected outcomes.

Target Population

Provide a description of who will be served by the project.

RURAL HEALTH TRANSFORMATION PROGRAM:
CHILD AND ADOLESCENT MENTAL HEALTH INITIATIVES

Project Description

Provide a detailed description of the project. Please address:

- What your project will accomplish
- What approach or strategies you will use to get to the project outcomes
- How the project will impact the target population and address the problem statement
- How the project will include child and adolescent mental health subject matter expertise
- Whom you will collaborate with in the development of the Child and Adolescent Mental Health Initiatives and how you will share your experience working with these stakeholders.

Collaborating Partners

Identify collaborating partners for this activity. Provide a brief description of the partner entities, your communication with them to date about the activity and partnership, and how they will contribute to the project.

Project Outcomes

Provide detailed and measurable outcomes for your project. Including how you will continue to gather regular programmatic data outlined in [Section 2.4 Required Data Collection](#).

Project Evaluation

Describe how you will evaluate the outcomes and impact of your project, including the regular programmatic data outlined in [Section 2.4 Required Data Collection](#). You may provide additional measurable outcomes that should be included in your proposal.

Baseline Data

- How many mental health crisis services for children and adolescents exist in your service area?
- What types of mental health crisis services for children and adolescents are available in your service area?

Key Personnel Biographical Sketch(es)

Provide the following information for key personnel who will be involved in the project: name, title, role in proposed project, relevant education, and professional experience relevant to the proposed project. It is important to include all staff that will be funded through this grant and that the FTEs correspond to the budget narrative. If the position is currently vacant, please provide a brief description of the position that will be involved and any information on the vacancy.

Administrative Costs

Describe your anticipated administrative costs associated with implementing RHTP, including both **direct and indirect** expenses. Please note that your administrative costs **may not exceed 6% of your total budget** in budget period 1. Administrative cost limits are subject to change to ensure that the entire program stays under the CMS cap on administrative costs.

Costs generally considered administrative include, but are not limited to:

- Staff time for personnel (such as administrative professionals or executive directors) who support RHTP work but are not directly involved in implementation/delivery of activities.
- Costs related to reporting to MDH, such as staff or contractor time to complete and submit reports.
 - Note that program evaluation activities that are integral to implementing and continually improving your program, including collecting and using data to implement your activities, will generally be considered programmatic costs, not administrative costs. But costs associated with reporting data to MDH are administrative.
- Costs associated with grant compliance activities, such as setting up budgets and tracking expenditures, and establishing and carrying out procedures for internal controls.
- Accounting, audits, and similar activities.
- Indirect costs: Costs that support the entire organization and its various programs and operations, such as rent and utilities for the organization's office space.

In your work plan and budget, please provide sufficient detail to justify to MDH and CMS why costs that you have not categorized as administrative are directly related to implementing/delivering activities and thus are programmatic rather than administrative costs.

Section 4: Timeline & Work Plan

Provide a timeline for the top project activities/tasks. The timeline should identify the staff position or role involved in each task, and the estimated start and completion date for each task. All requests must have at least 1 project activity defined. Your work plan should include evaluation and reporting activities.

Section 5: Budget & Budget Narrative

Provide a detailed justification for each of the expenses to successfully meet the goals of the proposed RHTP activity during Budget Period 1 (from your grant execution date, estimated to be in July 2026, through October 30, 2026) and the extended spending period for Budget Period 1 funds through September 30, 2027.

See the list of ineligible expenses in [Attachment B](#).

RURAL HEALTH TRANSFORMATION PROGRAM:
CHILD AND ADOLESCENT MENTAL HEALTH INITIATIVES

Please provide sufficient detail to justify to MDH and CMS why costs that you have not categorized as administrative are directly related to implementing/delivering activities and thus are programmatic rather than administrative costs.

When submitting your application and each financial report throughout the grant period, your organization will certify that:

- RHTP funds will not be used for any activities that are currently funded, or planned to be funded, by other sources.
- RHTP funds will not be used to provide the same services to the same beneficiaries as other funding sources or programs.

Identify any other funding sources being used for activities related to the RHTP activities you have proposed. For example, if you are proposing an expansion of an existing program, indicate the funding source for the current program. In all cases, make clear in your application which costs do not have another existing or planned funding source and thus may be covered by RHTP funds.

Budget Line Items

- Salaries: This category includes the salary costs of personnel who work directly on the implementation/delivery of RHTP activities. Personnel must be employees who are paid a salary or wage directly from the applicant organization. Salaries can be calculated and described in the Budget Narrative as an hourly wage with total hours estimated to be spent on the project, or an annual salary with the estimated percentage of the total FTE.
 - Note that staff time for RHTP administrative tasks, such as reporting to MDH, should be included in the Administrative Costs category.
 - The CMS annual salary cap for this funding is \$225,700 for executive-level staff (those with a PhD, MD, or similar degree) and \$197,500 for non-executive-level staff. The annual salary cap is the maximum amount that can be billed to RHTP annually for an individual's salary. The annual salary cap is subject to change.
 - All salaries and hourly rates must be reasonable and justifiable.
- Fringe: This category includes the share of payroll tax, health insurance costs, Medicare/Medicaid, etc. for employees billed to this grant under the Salaries category. If the applicant has expenses in this category, they should explain how they were calculated in the Budget Narrative. Fringe is often calculated as a percentage of salary. Example: \$50,000 x 25% fringe = \$12,500.
- Equipment: This category includes equipment purchased for implementation/delivery of RHTP activities. Equipment has a unit cost of \$10,000 or more. Items below \$10,000 are considered supplies.
- Supplies: This category includes supplies purchased for implementation/delivery of RHTP activities.
- Travel: This category includes travel expenses necessary to implement/deliver RHTP activities.

RURAL HEALTH TRANSFORMATION PROGRAM:
CHILD AND ADOLESCENT MENTAL HEALTH INITIATIVES

- **Contracted Services:** This category includes expenses for individuals or organizations the applicant contracts with to implement/deliver RHTP activities. Note that the annual salary cap (see the Salaries line, above) applies to contractors as well.
- **Other expenses:** If costs do not fit into another category and must be placed in this general category, please include a detailed description of the expenses as they relate to the direct operation of the program.
- **Administrative Costs:** This category includes all anticipated administrative costs – both direct and indirect expenses – associated with implementing RHTP. Please note that your administrative costs may not exceed 6% of your total budget. The costs listed here should match your response to the Administrative Costs question in an earlier section of your application.

Section 6: Required Application Attachments

Audited Financial Statements

Please upload a copy of the most recent independent audit into the online application. If the audit encompasses multiple entities within a system or umbrella organization, please provide additional financial information, such as an income statement, specific to the applicant entity.

Due Diligence

Please complete the [Due Diligence Form \(PDF\)](#) and attach to the online application form. Community Health Boards and Tribal Nations do not need to submit this form as part of their application.

Section 7: Conflict of Interest

Applicants will complete the [Applicant Conflict of Interest Disclosure form \(PDF\)](#) in the online application.

Certification

Applicants will certify the following:

I certify that the information contained herein is true and accurate to the best of my knowledge and that I am authorized to submit this application on behalf of the organization.

By submitting this application, I certify that:

- RHTP funds will not be used for any activities that are currently funded, or planned to be funded, by other sources, and
- RHTP funds will not be used to provide the same services to the same beneficiaries as other funding sources or programs.

RFP Part 5: Attachments

- Attachment A: Application Evaluation Criteria
- Attachment B: Rural Health Transformation Program Ineligible Expenses

Attachment A: Application Evaluation Criteria

A numerical scoring system will be used to evaluate eligible applications. Scores will be used to develop final recommendations.

Applicants are encouraged to score their own application using the evaluation score sheet before submitting their application. This step is not required, but may help ensure applications address the criteria evaluators will use to score applications.

The following scoring system will be applied:

Rating (0-10)	Rating (0-5)	Description
9-10	5	Excellent: Outstanding level of quality; significantly exceeds all aspects of the minimum requirements; high probability of success; no significant weaknesses.
7-8	4	Very Good: Substantial response; meets in all aspects and in some cases exceeds the minimum requirements; good probability of success; no significant weaknesses.
5-6	3	Good: Generally meets minimum requirements; probability of success; significant weaknesses, but correctable.
3-4	2	Marginal: Lack of essential information; low probability for success; significant weaknesses, but correctable.
1-2	1	Unsatisfactory: Fails to meet minimum requirements; little likelihood of success; needs major revision to make it acceptable.
0	0	Blank or did not answer: Applicant did not answer the question or offered no response.

Project Narrative (65 points available)

- **Organization Overview:** The applicant provides a thorough understanding of the organization's history, location, and administrative structure. (5 points available)
- **Problem Statement:** There is a clear description of the need, including a demonstrated understanding of the unique mental health needs of children and adolescents with supporting documentation or data to support the need. (10 points available)
- **Project Description:** The applicant provides a thorough description of the project with a clear approach on how they will achieve the proposed project objectives and meet the needs of their intended audience. (10 points available)
- **Organizational Capacity:** The applicant demonstrates experience in the proposed subject matter, includes a range of stakeholders, and demonstrates experience working with stakeholders. (10 points available)

RURAL HEALTH TRANSFORMATION PROGRAM:
CHILD AND ADOLESCENT MENTAL HEALTH INITIATIVES

- **Project Method:** The applicant clearly describes how grant funding will be used to carry out project objectives. (10 points available)
- **Baseline Data:** The applicant provides full information on baseline data that can be used to measure progress. (5 points available)
- **Project Evaluation:**
 - The applicant provides a reasonable plan to evaluate the impact of the project. (5 points available)
 - The applicant has a reasonable plan to track reporting outcomes on the number and types of children’s and adolescent mental health crisis services established. (5 points available)
- **Staffing plan:** The applicant demonstrates a staffing plan that is consistent with their ability to complete the project. (5 points available)

Timeline and Work Plan (20 points total)

The criteria to be used in determining the scoring corresponds to the project workplan.

- The applicant proposes a workplan that addresses the needs for this project. (5 points available)
- The applicant proposes a workplan that is reasonable. (5 points available)
- The applicant provides a thorough description of key activities necessary for project completion. (5 points available)
- The applicant proposes a workplan that will be completed within the timeframe of the grant period. (5 available)

Proposal Budget and Budget Narrative (15 points total)

- The applicant proposes a reasonable budget. (5 points available)
- The applicant provides an adequate budget narrative. (5 points available)
- The applicant provides a budget narrative that describes all costs in the proposed budget. (5 points available)

Attachment B: Rural Health Transformation Program Ineligible Expenses

Ineligible expenses for all RHTP activities include but are not limited to:

- Supplanting existing state, local, Tribal, or private funding of infrastructure or services, such as staff salaries.
- Using RHTP funds for any project or initiative that is currently funded (or planned to be funded) by other sources. Using RHTP funds to pay for the same activities or provide the same services to the same beneficiaries as other funding sources or programs.
 - All grant-funded activities must be either entirely new or expansions of existing activities. When expanding a program or initiative, grantees may only apply RHTP funds to costs associated with the new population and/or new activities. The costs of the original program must continue to be funded by their current funding sources.
 - For example, if adding a new remote monitoring service to an existing tele-diabetes education program, eligible expenses might include purchasing new continuous glucose monitoring devices and supplies for the new remote monitoring service, and procuring upgraded software that enables secure continuous glucose monitoring data integration, if the cost difference is directly attributable to the upgraded and necessary functionality. Ineligible expenses would include, for example, paying the salaries of existing educators already providing tele-diabetes education, covering the cost of existing software, and replacing office equipment used by the existing staff.
 - Another example is expanding an existing chronic disease management program to three additional rural counties. Eligible expenses might include hiring and training new community health workers to serve residents of the three additional counties and purchasing new supplies and educational materials for the additional counties. If existing staff work in the newly added counties as well as previously served counties, only their work in the newly added counties would be eligible for RHTP reimbursement. Ineligible expenses would include, for example, any expense currently or previously covered by any other funding source in the counties previously served.
- Costs incurred prior to the execution of your grant agreement.
- Administrative costs, including direct and indirect costs, exceeding the 6% limit for Budget Period 1. Note that this limit is subject to change.
- Payment for direct healthcare services is unallowable.
 - This includes, but is not limited to, replacing payment for clinical services that could be reimbursed by insurance or another form of health coverage. This also includes payments for clinical services if they duplicate billable services and/or attempt to change the payment amounts of existing fee schedules.
- Clinician salaries or wage supports may be allowable expenses only if directly related to RHTP. RHTP funds may not pay clinicians, clinicians in training, or other employees for work they are already doing. As with all salaries, only the portion dedicated to RHTP

RURAL HEALTH TRANSFORMATION PROGRAM:
CHILD AND ADOLESCENT MENTAL HEALTH INITIATIVES

work may be paid with RHTP funds. These conditions apply to the salaries of faculty and preceptors who are clinicians teaching in rural residencies, rural rotations, and other health professional training programs. These conditions also apply to stipends or salaries for residents, rotators, and other health professionals in training.

- Salary payments exceeding the annual salary cap. The annual salary cap for this funding is \$225,700 for executive-level staff (those with a PhD, MD, or similar degree) and \$197,500 for non-executive-level staff. The annual salary cap is the maximum amount that can be billed to RHTP annually for an individual's salary. The annual salary cap is subject to change. All salaries and hourly rates must be reasonable and justifiable.
- Paying for patient transportation is generally unallowable.
- Meals, unless in limited circumstances such as:
 - Subjects and patients under study
 - Where specifically approved as part of the project or program activity, such as in programs providing children's services
 - As part of a per diem or subsistence allowance provided in conjunction with allowable travel
- Long-term housing for students/trainees. Housing may be provided for up to six months for rural clinical rotations or short-term training programs. This means that RHTP funds may only be used to support housing costs incurred during a rotation or training program of fewer than six months.
- Construction or building expansion, purchasing or significant retrofitting of buildings, cosmetic upgrades, or any other cost that materially increases the value of the capital or useful life as a direct cost. Funds also may not be used to supplant funding for in-process or planned construction projects or directing funding towards new construction builds. Funds may not be used for demolition.
 - Funds may be used for minor renovations or alterations if they are clearly linked to program goals and receive MDH and CMS prior approval. For example, minor renovations to repurpose a hotel for short-term trainee housing or a commercial building for a healthcare training facility may be eligible.
 - Examples of minor renovations or alterations include, but are not limited to, installing or relocating interior walls and partitions; upgrading lighting to more energy-efficient systems; replacing vents and thermostats for better climate control; installing automatic door openers to enhance accessibility; and converting private offices to a more open office layout.
 - Minnesota's RHTP award has an overall cap on infrastructure and capital expenditures. Review of grantee requests for prior approval of minor renovations or alterations will take into account the cap on this type of spending.
- Meeting matching requirements for any other funding source.
- Services, equipment, or supports that are the legal responsibility of another party under federal, state, or Tribal law, such as vocational rehabilitation or education services.
- Services, equipment, or supports that are the legal responsibility of another party under any civil rights law, such as modifying a workplace or providing accommodations that are obligations under law.

RURAL HEALTH TRANSFORMATION PROGRAM:
CHILD AND ADOLESCENT MENTAL HEALTH INITIATIVES

- Broadband infrastructure.
- Ongoing operating expenses with no path to sustainability. RHTP funds are intended to support transformational investments.
- Goods or services not allocable to the project.
- Solicitating donations.
- Taxes, except sales tax on goods and services.
- Lobbyists, political contributions.
- Bad debts, late payment fees, finance charges, or contingency funds.
- The cost of independent research and development, including their proportionate share of indirect costs. See 2 CFR 300.477
- Purchase of covered telecommunications and video surveillance equipment (See 2 CFR 200.216) as well as financial assistance to households for installation and monthly broadband internet costs.
- There are strict limitations on funding the replacement of an Electronic Medical Record (EMR) system if a previous HITECH-certified EMR system is already in place as of September 1, 2025.
- Activities prohibited under 2 CFR 200.450 and the HHS Grants Policy Statement, including but not limited to:
 - Payments related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or executive order proposed or pending before the Congress or any state government, state legislature, local legislature or legislative body, including but not limited to paying the salary or expenses of any grant recipient or agency acting for such recipient for such activity
 - Lobbying, but recipients can lobby at their own expense if they can segregate federal funds from other financial resources used for lobbying
- None of the funding shall be used for an expenditure that is attributable to an intergovernmental transfer, certified public expenditure, or any other expenditure to finance the non-federal share of expenditures required under any provision of law.
- SSA Section 2105(c), paragraphs (1), (7), and (9) apply as funding limitations. These limitations are related to general limitations, limitations on payment for abortions, and citizenship documentation requirements for payments made with respect to an individual.
