- Medical director
- Clinic manager
- Clinic staff
- Pharmacy
- Vaccine staff

**COVID-19 vaccine transition to regular vaccine order form in MIIC**

Starting Nov. 3 providers will be able to place orders for COVID-19 vaccine in the regular order form in the Minnesota Immunization Information Connection (MIIC). You will no longer need to place separate COVID-19 requests in the special event. We plan to have COVID-19 vaccine on the regular order form for the rest of the year.

**New RSV monoclonal antibody (RSV-mAB) ordering event open in MIIC**

The new Phase II RSV mAB special ordering event will be open starting Nov. 3 and will remain open until the end of the administration season on March 31, 2026. This event will include both nirsevimab and clesrovimab. You can place requests for doses for the rest of the season as needed in the new event, and we will process the requests as we are given access to doses from the Centers for Disease Control and Prevention (CDC). You can check the status of your requests at any time in MIIC.

**Upcoming holiday holds**

Vaccine orders will not ship from Nov. 26 to Nov. 28 due to the Thanksgiving holiday. Providers should place orders no later than Nov. 18 to guarantee delivery before the holiday.
